

ThinkPad Yoga

POSITIONING STATEMENT

The ThinkPad Yoga is the ultimate solution for business users, with powerful processing and flexibility. This touch-enabled device has the security, manageability and performance features you'd expect from a ThinkPad, now in four unique modes: laptop, tablet, stand and tent. The ThinkPad Yoga features up to 4th generation Intel® Core™ i7 processors for increased productivity and extra technologies like an exclusive best-in-class "Lift n' Lock" keyboard to provide maximum protection in each mode.

KEY FEATURES

- Dual-hinge design allows for 360° rotation with four unique modes: tent, stand, tablet and laptop
- 12.5" 10-point multi-touch screen with Gorilla Glass
- Full support for Lenovo OneLink and OneLink Pro Docking
- Best in Class Backlit "Lift n' Lock" Keyboard automatically lifts and the keys lock flush with the keyboard while in tablet mode
- Enhanced user experience with Voice Control, Dolby Home Theater audio, and stylus apps
- Optional Near Field Communications (NFC) technology allows users to connect to other devices, share data, make mobile payments and more.

MARKET PERSPECTIVE

The ThinkPad Yoga's dual-hinge design gets the business laptop off the desk to keep pace with today's professional – watching content in tent mode, giving presentations in stand mode and taking notes at a conference in tablet mode. The extreme mobility and flexibility to work anywhere, anytime is packaged with security, reliability and manageability features. With Lenovo OneLink Docking, users can dock with a single cable for dedicated video, additional USB 3.0 ports and gigabit Ethernet, all while powering the system. With voice control, users have a new way to write documents and emails, chat with colleagues and search the Web. Plus, the ThinkPad Yoga is constructed with a magnesium alloy shell and tough, anti-scratch Gorilla Glass to combat everyday business use and abuse.

Powerful features including up to 4th generation Intel Core i7 processors, up to Windows 8.1 Pro OS, up to 8GB DDR3L memory 1600MHz memory and up to 1TB HDD storage, give users traditional ThinkPad performance in a device that meets the needs of a flexible workforce. With Lenovo's "flip and fold" design, greater storage capacity, 10-point multi-touch, the ThinkPad Yoga provides multiple ways for users to create, share and consume – anywhere, anytime.
